Dear Parents and Guardians of Middle Schoolers,

We are requiring that each student use color-specific notebooks for each subject. Studies show that color-coding increases your child's success in maintaining organization throughout the school year, especially because of the increase of movement in middle school.

To assist all students in having the correct supplies, **the school will be purchasing the notebooks in the corresponding colors.** The rest of the supplies below need to be purchased by the student's family and brought on or before the first day of school. Thank you!
